

BOMBARDIER GLOBAL 6000 | LARGE CABIN

NETJETS
SIGNATURE SERIES™

ULTRA-LONG-RANGE JET WITH SUPERIOR COMFORT AND TECHNOLOGY

The Global 6000, designed exclusively for NetJets® to meet the evolving requirements of our Owners from both a technical and feature perspective, is a best-in-class business jet with exceptional ultra-long-range transpacific capabilities and an extremely quiet cabin. It perfectly balances comfort, speed, and range to accommodate the needs of the most demanding traveler. The onboard flight attendant serves you from a full-service galley located in the forward section of the aircraft where there is also a separate crew area, creating a most private and peaceful cabin environment in the passenger area for you.

¹Maximum range on the Global 6000 is achieved by accommodating an additional crewmember in the passenger cabin due to regulatory requirements.

Aircraft flight range by city pairs is based on typical nonstop city pairs flown with six passengers at long-range cruise with standard conditions and 85% wind reliability. Performance is based on standard conditions, zero wind with no runway or temperature restrictions, and NetJets standard fuel reserves. Maximum range is based on flying at long-range cruise speed with two passengers. Actual flight range and cruise speed will vary with payload, wind, and weather conditions. Aircraft illustrations are not to scale.
