As I thought..have read all the stuff/heard all the stories....but he does have a terrific network and thus another intangible value to keeping GD on even keel....

Not remotely possible to develop direct relationship

If you met him, you'd see why

He's had \$80+MM with us for 3 years and I've had a TOTAL of 2 conversations with him (1 for 15 mins and 1 for 10 mins)

Interesting...was thinking of a way to somehow tap into Epstein's circle since he clearly has a strongly vested interest in our continued success. Is GD proprietary about his relationship w/ him or do you think there is an opportunity for you to develop your own straightline relationship?
