

Every day
In Florida
Where I live 20 years
I would get a massage.
I would get a new
massage
From a different person
I would ask each masseuse she had a friend and
might want to do massage
If so
My secretary would set up an appointment
Will
behavior was local to Florida
I also lived in New York so I would travel to Florida to
see my mother as well as my vacation. Home
The local prosecutor
But the solicitation
of a minor
Would be an appropriate charge
With mandatory pretrial
intervention
However the local police chief
Disagreed
Goldie FBI.
