**RE: MOORINGS FOR LSJ, LLC**

Dear Attorney Hodge:

This letter is in response to your letter dated May 24, 2011, in which you requested a determination be made with respect to the two moorings LSJ, LLC would like to install in the waters adjacent to Little St. James Island.

With reference to the minor permit application that was submitted on January 25, 2011, a determination was made by the Department that the moorings being requested be applied for as a modification of the existing major Coastal Zone Management (CZM) permit water permit for the dock and the intake line. This determination was made clear in the February 3, 2011 response referenced in your letter.

Additionally, staff is in receipt of the additional materials submitted under cover dated April 4, 2011, in which it states that the letter serve as the request to amend the existing major CZM permit. At this time, the next scheduled meeting of the St. Thomas CZM Committee will be the week of June 13 to June 17, 2011, and both your requests will be up for consideration on the agenda. Once the date of the meeting is confirmed, CZM staff will be contacting you directly with the requirements.

If you have any questions or concerns, please contact Mr. Jean-Pierre L. Oriol, Director of CZM at (340)774-3320, or by email at [REDACTED]

Sincerely,

  
Alicia Barnes  
Commissioner

pc: Jean-Pierre L. Oriol, Director/CZM
