**Re: Little St. James Development**

Dear Attorney Hodge:

I am very concerned that major development is occurring on Little St. James Island through the processing of a series of minor CZM permit applications by LSJ, LLC. I am proceeding cautiously with regard to the further processing of such applications without answers to the following concerns:

- 1) CZM requests a detailed inventory of **all** existing structures on Little St. James as well as corresponding permit numbers; and
- 2) CZM requests a status report of all permits issued to LSJ, LLC for which the scope of work is not completed.

Additionally, prior to the processing of any more CZM permits for Little St. James, I am hereby requesting a meeting to discuss the development of Little St. James upon the submission of the aforementioned information. If you have any concerns or questions regarding this matter, please feel free to contact me at [REDACTED] or by email at [REDACTED].

Sincerely,

[REDACTED]

Director of CZM
