Required - Copy of Cashiers Check Prior to Shipping All Payments In US Funds Only Please *Schweiss doors are provided with temporary electrical wiring that is only to be used for the initial setup. Temporary wiring must be removed, hookups must be done by a licensed electrician. Schweiss is not responsible for the final hookup of your door. Failure to do this will void the warranty. *The customer is responsible for the bi-fold or hydraulic door building header & side columns. *The opening must be prepared with a built in header that is flush with the side columns. Your header, side columns & building must be strong enough to hold our bi-fold or hydraulic door. *If Schweiss installs the door, the customer furnishes and installs the outside door sheeting and trim to cover the door unless otherwise specified. *The terms and conditions are included in the attached terms and conditions sheet are incorporated herein. *I have read through the Purchase Order, the Attached Terms and Conditions, reviewed A1, A2, A3, A4, A5 and A6 (A7 hydraulic only) Spec Sheets and agree to their contents.		<table border="1" style="width:100%; border-collapse: collapse;"> <thead> <tr> <th colspan="2">OTHER CHARGES</th> </tr> <tr> <th>Description</th> <th>Cost</th> </tr> </thead> <tbody> <tr> <td>Engineering paperwork/calcs for 165 mph wind load</td> <td>1188.00</td> </tr> <tr> <td> </td> <td> </td> </tr> <tr> <td> </td> <td> </td> </tr> </tbody> </table>		OTHER CHARGES		Description	Cost	Engineering paperwork/calcs for 165 mph wind load	1188.00
