This material is not intended as an offer or solicitation for the purchase or sale of any financial instrument. J.P. Morgan Securities LLC or its brokerage affiliates may hold a position or act as market maker in the financial instruments of any issuer discussed herein or act as an underwriter, placement agent, advisor or lender to such issuer. The views and strategies described herein may not be suitable for all investors. The discussion of loans or other extensions of credit in this material is for illustrative purposes only. No commitment to lend should be construed or implied. This material is distributed with the understanding that we are not rendering accounting, legal or tax advice. Estate planning requires legal assistance. You should consult with your independent advisors concerning such matters.

We believe the information contained in this material to be reliable but do not warrant its accuracy or completeness. Opinions, estimates, and investment strategies and views

This material should not be regarded as research or a J.P. Morgan research report. Opinions expressed herein may differ from the opinions expressed by other areas of J.P. Morgan, including research. The investment strategies and views stated here may differ from those expressed for other purposes or in other contexts by other J.P. Morgan market strategists.

J.P. Morgan Securities LLC may act as a market maker relevant to structured products or option products and may engage in hedging or other operations in such markets relevant to its structured products or options exposures. Structured products and options are not insured by the Federal Deposit Insurance Corporation (FDIC), the Federal Reserve Board, or any other governmental agency.

In discussion of options and other strategies, results and risks are based solely on hypothetical examples cited; actual results and risks will vary depending on specific circumstances. Investors are urged to consider carefully whether option or option-related products in general, as well as the products or strategies discussed herein are suitable to their needs. In actual transactions, the client's counterparty for OTC derivatives applications is J.P. Morgan Chase Bank, N.A., London branch. For a copy of the "Characteristics and Risks of Standardized Options" booklet, please contact your J.P. Morgan Advisor.

Real estate, hedge funds, and other private investments may not be suitable for all individual investors, may present significant risks, and may be sold or redeemed at more or less than the original amount invested. Private investments are offered only by offering memoranda, which more fully describe the possible risks. There are no assurances that the stated investment objectives of any investment product will be met. Hedge funds (or funds of hedge funds): often engage in leveraging and other speculative investment practices that may increase the risk of investment loss; can be highly illiquid; are not required to provide periodic pricing or valuation information to investors; may involve complex tax structures and delays in distributing important tax information; are not subject to the same regulatory requirements as mutual funds; and often charge high fees. Further, any number of conflicts of interest may exist in the context of the management and/or operation of any hedge fund.

In the US, J.P. Morgan Mutual Funds are distributed by J.P. Morgan Distribution Services, Inc., which is an affiliate of J.P. Morgan Chase & Co. Affiliates of J.P. Morgan Chase & Co. receive fees for providing various services to the funds. Call J.P. Morgan Distribution Services at 1-800-480-4111 or visit www.J.P.Morganfunds.com for the prospectus. Investors should carefully consider the investment objectives, risks, charges and expenses of the mutual funds before investing. The prospectus contains this and other information about the mutual fund and should be read carefully before investing.
