To whom it may concern:

I was introduced to Robert Sprauer at Estate Services many years ago thru a mutual friend. Robert has worked for me in a wide range of capacities – he has completed simple repairs around my home, interior construction projects and acted as my liaison with numerous vendors and contractors. Robert has always put my interests above everyone else's and in the process saved me money, and stress! He has a very broad range of experience and I consult him regularly. He is very clear and forthright, punctual, and very organized with his work ethic.

A small example of Robert's knowledge and resourcefulness - I inquired about the best way to clean a crystal chandelier and I was surprised to learn that the best way is with a portable steam cleaner.

Robert will be a great asset to any organization – his talents are numerous. In addition, he will make a great addition to a team. I give him my highest recommendation.

Sincerely,

Susan Lunden
