The above is an estimate based on our inspection and does not cover additional parts or labor which may be required after the work has been opened up. Occasionally, after work has started, additional damage is discovered which was not evident on first inspection. Because of this, the above prices are not guaranteed. Estimate good for 90 days.

If a facility or insurance company fails to disclose such information regarding the condition of the parts used in the repair or service, it will be assumed that the parts installed were new, and they shall be warranted as such.
