To whom it may concern,

As professor of Cultural Movement in the Fashion Business course at Istituto Maragoni, I was able to meet [REDACTED] and fortunate to have her among my best students. All year , I could not help notice her sharp curiosity and interest. towards the more complex portions of the subject. Her involvement and questions during class, great added to the groups learning which of course made me very glad to have her in my course.

Miss [REDACTED] actively participated in my classes with extremely clever questions , observations and relevant comments. She was able to assimilate and then almost instantaneously re-elaborate the contents quickly. Her intellectual curiosity and her natural inclination for learning are wonderful characteristics that make [REDACTED] a stand out student.

Furthermore she was able to interact with classmates and the teacher in a gracious and respectful way, using formalized language and being sensitive to the needs of others.

I therefore I can highly recommend , without reservation and am sure that she will be a positive addition to your university, IF you have any questions please feel free to contact me.
