dear Gordon and Jeffrey

please find attached the paper you two produced; note your organizations are thanked at the beginning and then the two of you personally at the end; without you, it would never have happened

big press responses, two BBC interviews, numerous news articles from the Times of India to the Business Standard, with others lining up, Canadian Broadcasting, Jamaican TV show etc etc

also an excellent piece in Scientific American:

i am very busy handling all of this but will write you both shortly

i just wanted you to have the paper itself in hand

with my expression of gratitude

all best
