TOP 5 DESTINATIONS OF 2013

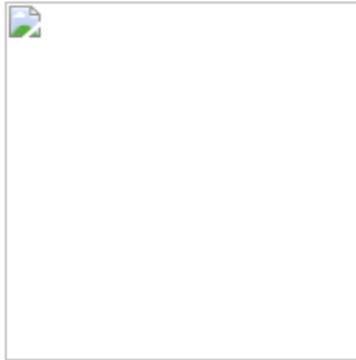

#5 HEART OF MANHATTAN

It's time to pay homage to U.S.A.'s own fashion hotspot, New York City – with its marriage of old industrial spaces and contemporary urban style, New York inspires us with visions of antiqued iron and reclaimed wood art pieces in urban-center lofts. So whether your fast-

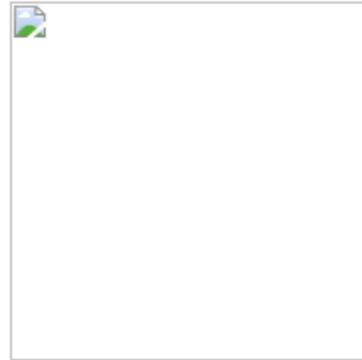

paced life slows for a book on a rooftop garden, or an industrial-chic bookshelf of reclaimed iron pipes to hold it, we've got what you want to outfit your home with big city style. [Shop Now](#)

#3 ZEN IN JAPAN

We've been drawn to Japan's emphasis on versatile, natural pieces. With a variety of textures inspired by nature and an inclination toward light, clean construction, we love Japan's pairing of super modern, urban-minded shapes with a zen appreciation for the world around. In this collection, we've married that minimalist philosophy with some organically luxe touches for a combination of fashionable small space solutions and bigger pieces that will take you away to the beautiful Japanese countryside.
