## All New Adventures of Morph from Aardman Animations

By Peter Lord

Before *Wallace & Gromit*, [Aardman Animations](#) created Morph, one of their first characters made of clay. The lovable morphing figure still has a cult following in the U.K., and now, three decades later, Aardman is bringing Morph back to life in a series of new episodes. Claymation will never die!

## Kisa

By PyroPet

This is one of those projects that's so clever it makes you say to yourself, "Why didn't I think of that?" On the outside, it's a cat candle. But once the wick is lit, the melting wax begins to reveal the cat's skeletal structure. Kind of weird — but pretty cute!

### pixelstick - Light painting evolved.

By Bitbanger Labs

Innovative projects hit Kickstarter all the time, but we've never seen anything like [pixelstick](#). This mind-blowing LED tool allows people to transform their photography by putting animations like [this](#) *inside* their images. It may just be the most groundbreaking thing to happen to light painting in its 125-year history!
