Blake - Parable of the Wise and Foolish Virgins

I am not sure which entity purchased this or if it was in fact purchased by Leon.

Based on the documents I am lead to believe it was a 1992 Childrens Trust. However this work is not showing up on LDB 2011 LLC financials. It may have been booked improperly on your end? It may have been purchased by another trust?

I need to get an answer on this - f there are files in your office for the 1992 trust or 1988 trust for early years, let me know, I can I come by Monday to research

I have meeting with Leon next week and I need this answered in short order
