 edX -
Connect To A
Better Future

Over 100,000 edX Certificates Issued, Millions of Lives Changed

Congratulations to all of our edX students who earned Verified and Honor Code Certificates. These are tough courses and... you did it!

Whether you started a course determined to earn a certificate or just wanted to learn something new, we want to make sure we're helping you reach your personal goals. Don't forget to showcase your edX achievements on LinkedIn, Facebook, etc. and let potential employers and friends know about all your great work and new skills.

"This edX certificate was one of the deciding factors for getting me admission into one of the best institutes for entrepreneurship and grooming--iCreate." - Saurabh, India

Student Story

[Meet Chris](#). He's an Electronic Engineering student from the Philippines who, with his classmates, took 6.002x Circuits and Electronics from MITx. Since then, he's gone on to take the Principles of Written English from UC BerkeleyX and is signed up for The Science of Everyday Thinking from UQx and Effective Thinking Through Mathematics from UTAustinX. Find out more about Chris and share your story at [REDACTED]

University of Tokyo

Welcome The University of Tokyo!

Join us in welcoming the University of Tokyo to the XConsortium. We are eager to work with one of the world's most prominent research and teaching universities. The first two courses from UTokyoX, [Visualizing Postwar Tokyo, Part I](#) and [Part II](#), will analyze postwar Tokyo from a variety of historical, political and cultural perspectives.
