Subject: Hi jeffrey epstein, want to learn something new in May?

Date: Wed, 08 May 2013 05:00:24 +0000

Dear jeffrey epstein

We have a lot to celebrate this month: Coursera turned one this April, capping an amazing first year during which we grew from a few thousand students and a handful of courses to over 3.4 million students and more than 350 courses.

In addition, we are excited to tell you about our 7 new [Teacher Professional Development](#) partners, providing a new avenue for K-12 teachers to earn development credit! Read more about these and other exciting updates below!

Thank you,

Andrew, Daphne and the Coursera Team | www.coursera.org/team
