TOP INSIGHTS FROM GLOBAL CONFERENCE

The Wall Street Journal: Companies should lean in too

By [Peter Grauer](#) and [Michael Milken](#)

Building gender diversity on corporate boards is the right thing to do and it makes economic sense. Every day, we see the value of different backgrounds and perspectives in corporate decision-making. [More »](#)

A better world for women and girls

Discrimination, pay inequality and lack of access to education aren't just women's problems; they're everyone's problem. [More »](#)

U.S. needs to step up on global economic issues

Three former U.S. Treasury secretaries took the stage at the Milken Institute Global Conference to sound the alarm on the need to address critical economic challenges — and to beseech Congress to relearn how to compromise. [More »](#)

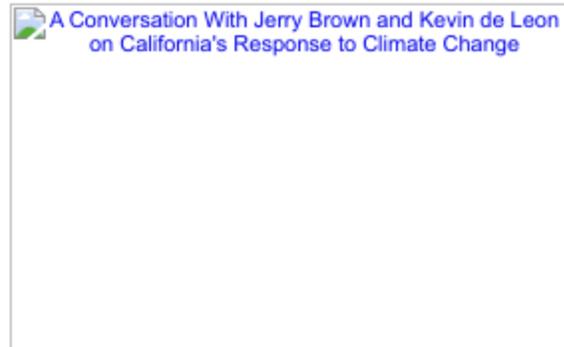

Transforming health care in the digital age

Advances in genome sequencing and the use of digital technologies to store and analyze the data have helped to create a golden age in medical innovation. [More »](#)
