Jeffrey,

This is one item on my report but I am compelled to send you this now because I think LSJ management must have gotten wind of me taking these pictures.

These doors and hinges were purchased back on 2-12-10 at a cost of \$ 3,002 and sat on top of the hill with a lot of other junk and all of the sudden they are being installed now.

Between early February and now we certainly could have done these repairs ourselves. I don't know why this was not done since then but now everyone that could have done this work is currently busy so they hired one of Aaron's friends to do this work.

Thank you

Emad Hanna
