Mount Sinai Medical Center
One Gustave L. Levy Place
New York, NY 10029-6574

Dear Mount Sinai Medical Center,

I am a junior nursing student at the College of [REDACTED] and I am very interested in interviewing for a summer nurse internship position with Mount Sinai Medical Center. After volunteering at Mount Sinai Medical Center, I believe that Mount Sinai has the ideal atmosphere in which to pursue my ambition of becoming an extraordinary and inspirational registered nurse. I want to contribute to Mount Sinai Medical Center's outstanding record as a center for exceptional patient care.

I have many attributes to offer Mount Sinai Medical Center. I have a wonderful work ethic and great critical thinking skills. I work hard on every task given and always finish the task to the best of my ability. I am kind and caring to everyone that I meet and take pride in forming therapeutic relationships. I have a deep love for learning. I find great gratification when helping others and making them as comfortable as possible. I also have incredible leadership skills and am very responsible and reliable.

I am currently on the general medical floor for my clinical rotation. Through this clinical, I have gained a large amount of information about a vast majority of medical conditions and the possible treatments. I am also working as an anatomy and physiology teaching assistant and have not only enjoyed helping and teaching other students, but this experience has deeply increased my knowledge.

I firmly believe that I will be a good fit in Mount Sinai's exceptional environment. Thank you for your time and consideration.

Sincerely,

[REDACTED]
