---

Dear Jeffrey,

me and Thom are working on the personal of the Center, in fact Thom is a bit more advanced on this matter than I am, here is some description of his activities and that of his associates .

I am now visiting some collaborators at the time, after I will be free I will start collecting more information on other potential participants of the new center.

---

Also Thom cv can be found in

<http://www.physics.miami.edu/~curtright/cv.pdf>

.....  
more soon...

Happy Passover

Hag Sameach

Eduardo
