Hi JEE...

You see the attached? I've been getting pounded over my comments about Silicon Valley... which were said, basically, in an "idle chit-chat" conversation about where the reporter lived -- SF -- and why I thought living there was a good idea. I had no idea that the story would have much to do with me... I thought it was going to be about CASBS (if I had known, I would have asked to have that off the record). It's also got errors of various sorts. I wasn't a SU undergrad, I wasn't proud to have been at a Dead concert -- I was bemused to have been a *guard* at one... etc.. Too bad he wouldn't show it to me in proofs. Anyway, I re-learned an old lesson: Be careful, careful, and careful around reporters, even ones I like and are very friendly.

You OK?

s.
