Bid: ZORRO Ranch site wall stucco	Date: 04/12/10
Attn: Estimating Department	Plan Date:
Addendum: 0	Contact: Alan Chavez

Remove existing gypsum board at pilaster pop out detail and remove loose/peeling stucco finish and place in appropriate dump trailer provided by ZORRO Ranch for disposal.
Install weep screed at bottom of wall to be re-stuccoed, install all plaster stops/casing beads at pilasters to create new pop outs and at dissimilar materials.
Install new weather barrier and expanded metal lath and install a new 2coat cement stucco system, apply a new fiberglass mesh over stucco system with a synthetic base coat, apply a new "Acrylic" based finish coat over base coat.
Apply a color wash over new finish coat to achieve a Faux finish
Install sealants at casing beads to dissimilar surfaces
