Subject: Johnny Depp Dialogue Videos Now Available

Date: Wed, 23 Mar 2016 20:55:44 +0000

Videos Available Now

We're pleased to announce videos are now available from our Origins Project Dialogue: Finding the Creativity in Madness with Johnny Depp on March 12. Click the below image or following [link](#) to view part 1 of this Dialogue. To access both parts 1 and 2, please visit the [event page](#).

Reserve Your Seats for Upcoming Public Lecture

We are pleased to announce that the 2016 Postdoctoral Lectureship Award Winner Aomawa Shields will give a public lecture, [The Search for Habitable Planets and Life Beyond Our Solar System](#), on Tuesday, April 5 at 6 PM in the Marston Exploration Theater in Interdisciplinary Science and Technology Building 4 (ISTB4).

Dr. Shields will provide an inside look into the ongoing search for another planet in the universe where life exists. She will include an overview of the missions that have provided us with a deeper understanding of the number and types of planets that exist within our galaxy, and discuss the methods astronomers and astrobiologists are employing to answer the question "Are we alone in the universe?" through their primary disciplines and unified efforts across the globe. [Learn more](#) about Dr. Shields and her postdoctoral stay.

Sun Devil Giving Day - Thank You!

The Origins Project would like to thank everyone who participated in Sun Devil Giving Day by giving to the Origins Project on Friday, March 18. Your generosity has an impact on the scale and scope of our events, educational programming, and commitment to creating a more engaged public. **Thank you for your continued support and allowing us to participate in the greater good!**
