OUR MISSION

The Thorn Tree Project is a 100% volunteer-run, 501(c)3 organization that came together to help the Samburu people of Northern Kenya realize their dreams of providing education for their children. Our mission is to help as many of the Samburu children as possible to go to school and to receive the level of education that they and their families desire.

With help from our friends, sponsors and donors, we support: 14 preschools and 3 primary schools, attended by more than 1,300 students. 135 sponsored students attend secondary school and university.

SHOP OUR AFRICAN BAZAAR

We have wooden bowls carved by the warriors, five types of bracelets and necklaces beaded by the Samburu mothers, colorful kangas and kikoyis (Kenya's traditional sarongs), woven kikapu baskets perfect for the beach—all of them at Kenyan prices.

THE COOLEST SILENT AUCTION IN NEW YORK CITY

This year you will be able to use your smartphone to bid! We will have a projected screen with live bids so you can keep track of your favorite items while shopping at the African Bazaar or munching on delicious treats from our famous Grazing Table.

Our Silent Auction will once again be full of unique art and photography, dinners at some of NYC's finest restaurants, club memberships, luxury spa packages and weekend getaways. There will also be designer furniture, rugs and accessories for the home, along with fabulous vacations to Europe and Africa. You are guaranteed to walk away with several bargains.

Don't forget to upload the Bidding for Good App before the event. For advanced ticket sales and silent auction registration visit www.goo.gl/e5MAu
