Rich,

Apologies, my first form was incorrect by \$2. This is corrected.

Please let me know if there are further questions,  
Amy

Dear Rich,

Attached please find Product Order 1 including:  
Cover Sheet outlining overall costs, check payable information, and shipping  
Invoices from the showroom referencing each order.

Please note the order for the throws includes both an invoice (for the throw that is existing in Chicago, which Jeffrey has seen) and a quote (for another identical throw which is shipping from the manufacturer to Chicago and for the fabrication of the rolled edge.) When Jeffrey and I reviewed the edges of the original throw they were not perfect, therefore I suggest a rolled edge, which will be done locally by a Chicago vendor for fastest service.

Once Jeffrey has approved, please submit 2 checks payable per the cover sheet, and send to the address provided. If you prefer wire transfer, that information is include on the quotes.

Certainly let me know if there are any questions, if further information is needed, or if you would prefer a different format.

Many thanks,  
Amy
