---

i had some difficulty in placing order for current model phone in PBI house as they are beginning to phase out your existing model KX-DTE100 (see last picture and attached brochure)

newest model with 6 lines below is the KX-DT546 is available in white and will be the same price

total cost of phones and installation is 26,326.16

time frame is 2 weeks to receive phones and 1 week for install

estimated completion date is Feb 18th

please advise which phone to proceed with KX DTE 100 (existing) or KX DT546 (new)  
thank you

Old phone on the bottom, new phone at the top. You had the six line IP phone at the island.

They offer a 3 line, but if you are used to this display I'd stick with it.
