Attachments: DANNY_VICARS_-_DISPENSERS.pdf

I called fuel dispenser company today to see if we could buy directly to save markup from MB Maintenance
I left two messages and have not yet received a call back..

Attached is bid for 14,420 (not yet negotiated) for 2 fuel pumps along with installation
Lead time is 6-8 weeks

Please advise if ok to proceed with MB if I cannot purchase directly from supplier
Thank you

Good morning,

I have attached our proposal for the furnish and installation of the fuel dispensers.

Thank you,
Karen
