I did it. I woke up and looked in the mirror. I realize I've lied to myself and haven't lived up to any of my promises by not finishing what I've started. I will do everything I can to change. I want to be successful

[REDACTED] is not the issue, you need to wake up and look in the mirror. deal with it. you have not finished anything you start. you make promises that you break the next day, you lie to yourself, to friends family and school. . you have great potential that you are throwing away, it is dangerous.

Yes but they are FRIENDS. If [REDACTED] was her girlfriend or if something happened between them I would have never even thought about it. Then [REDACTED] tells me that I have to sleep with him in the same bed ?!!! What I did is wrong and I'm very very very sorry. I would like to speak to her about it and apologize for what I did beacause I really feel guilty but I don't know how... The whole situation was very wierd.

For [REDACTED], yes I've lied to her. But she never even kissed with him (at least this is what she told me) and beside all this [REDACTED] has a girlfriend. He made me promise not to say anything to [REDACTED] so that she wouldn't get gelous or upset. you were her guest. are you crazy

I have lied to many people you are right and I'm sorry for this. However everytime it was for a good purpose. I didn't harm anyone except for myself. For example I could have said the truth about you to the people who paid my school, batman and my family but I didn't. I thought it wasn't a very good idea. So I've lied. For [REDACTED], yes I've lied to her. But she never even kissed with him (at least this is what she told me) and beside all this [REDACTED] has a girlfriend. He made me promise not to say anything to [REDACTED] so that she wouldn't get jelous or upset. I'm not justifying myself by saying lying is a good thing or acceptable but sometimes it is necessary if I want to keep my Life private to some people. As you told me once: " Your habit and mine are very used to lie to everyone" and "You and I lie to people, I just wanted you to know that I understand". I'm glad I'm not the only one and we make the same mistakes.

Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.

I have had more than enough of you telling me how YOU think- I - should act. this is ridiculous .

I have giving you my time , my advice , much money, . attention guidance, help. by some craziness you think you are owed muchmore .. Your actions , broken promises, over and over, are selfcentered , selfsih, irresonsible and self destructive. your excuses are many, you whine about [REDACTED],? [REDACTED]. me, your mother, your school, your job, and when it comes time for you to do something, its blah blah, Hope you feel better.

I don't understand why you react like this... I don't think I said something wrong to you and if I did I'm really sorry. I'm very happy and enthousiastic about going to Paris and starting school. Thank you. However, yesterday I had fever and still now I'm not feeling well. I know you don't like complaints and you always would like to hear me saying that I'm great all the time but I'm not from LA. Sorry, I would love to be always "positive thinking" but I am not this kind of person. Like every human being I have up and down moments and you should accept this. I am always thankful and grateful to you and I think you are great but you can't always blame me for everything I do. I always feel when talking to you that I'm walking on glass and that I should be carefull to every single word I say.... This doesn't make me feel comfortable. Instead of trying to understand things by talking about the problem you just interrupt the conversation without giving any explanation. I understand that you have more power, doesn't mean you have to act like this with me.
