## TAKE OFF WITH UBERCHOPPER

UBER NYC

Hey Jeffrey,

Skip the traffic out east and kick off the long weekend in the skies. To celebrate Independence Day and the official launch of summer, we're taking off again with [UberCHOPPER](#) — powered by [BLADE!](#)

Fly with UberCHOPPER to the Hamptons this Thursday, July 3, between 10 AM and 5 PM

**If a helicopter isn't your style, we've still got you covered — no matter your destination.** This summer we're hitting the beach in the Hamptons and down the shore in New Jersey with uberX, UberBLACK, and UberSUV.

Starting this week and for weekends throughout the summer, we're officially expanding our reliable coverage from East Hampton out to Montauk, and Sandy Hook down to Cape May. Wherever you're headed, we'll be there to connect you with a safe and reliable ride.
