"By the Late John Brockman deserves to be read and experienced as few books do in these times of informational overload."

— *San Francisco Review of Books*

"My debt to John Brockman is great: he taught me the essential non-existence of the screen of words."

— John C. Lilly, author of *The Human Biocomputer*

"A singular volume.... The book, published in 1969, emerged from the swirling intellectual milieu of Marshall McLuhan, John Cage, and cyberneticist Heinz von Foerster."— *Wired*

"Thoroughly inspiring.... Part of a great lineage of experimental volumes that invent new formats."

— Hans Ulrich Obrist, author of *Ways of Curating*

"The most important book since Wittgenstein's *Tractatus Logico-Philosophicus*."

— Alan Watts, author of *The Way of Zen*

"Brockman takes the mystery of language and puts it right back into its own mystery.... A remarkable achievement."

— Heinz von Foerster, author of *Understanding Understanding: Essays on Cybernetics and Cognition*
