 edX -
Connect To A
Better Future

Now 2,000,000 strong.

A few weeks ago, we asked you to help us reach two million students across the globe. Together, we did it! We now have students from 8 to 95 learning something new, exploring an interest or changing their career. Thank you for spreading the word.

What else are we up to? EdX just [teamed up with Facebook](#) and the Rwandan government to pilot a new approach to mobile social learning for Rwandan students. We're working towards a better... *social* future.

Interested in learning something new? Sixteen courses start over the next few weeks. Sign up for one today, or let your friends know using the buttons below.
