Myths & Facts: Online Exclusive

Is Israel indiscriminately attacking Gaza?

During the years since Israel's last major operation in [Gaza](#), [Operation Pillar of Defense](#) in 2012, [Hamas terrorists](#) and their affiliates continued to build up their arsenals to prepare for the next round of fighting. During these last three years more than 3,000 [rockets and mortars](#) have been fired into Israel. These attacks caused minimal damage but reminded [Israel](#) that the [Hamas](#) arsenal was growing in size and sophistication and would eventually pose such a severe threat that it would have to be neutralized.

Operation Protective Edge

Israel [evacuated](#) every settler and soldier from the [Gaza Strip](#) seven years ago hoping to stimulate the peace process. Instead, it has been attacked by [terrorists](#). Thousands of deadly rockets and mortars have been fired into southern [Israel](#). Now, more sophisticated rockets are reaching most of the country, including [Tel Aviv](#) and [Jerusalem](#). These rockets have killed and injured Israeli men, women and children, destroyed property, and instilled a state of anxiety throughout the country.
