I have given you a great deal of time and directions. I think if you are serioius , you can do it. but these pictures still have fingers closed. or bent, shoulders up. your body looks really great but cannot see it. pony tail was helpful, look at your shoulders, the right one you keep very high, try to pull it down and back. there are two types of photso one for your book that shows you, and the other that shows how clothes look on you. the photos that show [REDACTED]. tells little. what type of computer do you have? no web cam?
