This is the summary of the things we went through with Penn for 301 apartments. Can we proceed with it, or do you find anything on it unnecessary?

Also I included 10F (Sue's apt) and 8H (mine) since we could show it to Penn. I can not go into 11J (Nilli and Ehud) or 10B(the sick boy) right now. Though I believe 11J won't need Penn's work ,(or maybe something minor), only decoration. 10B I don't know about.. Also I haven't seen Julia's, Juggly's and Svet's places. Should I do it now or later?
