An eclectic take on clean & contemporary. | [Share with friends](#) | [Get \\$20](#) | [View this email in your browser](#)

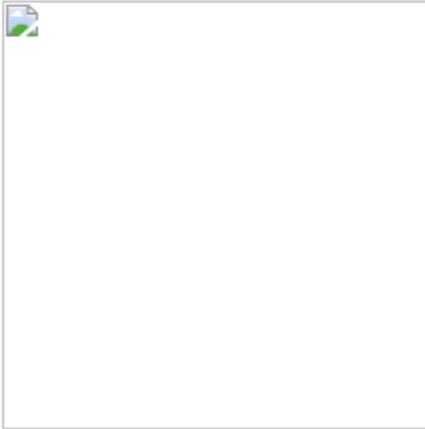

You love your California home (or your anywhere home that has that chic, laid back look), but now it's time to make things interesting. Bring life into your interiors with bright-hued rugs and eye-catching patterns. But beware! Don't get too color crazy. You want to maintain the minimal elegance of your home with a mostly neutral color palette enhanced with a pop of color in patterned prints or on a singled-out chair or accent wall.

## Your Guide To Contemporary California Boho

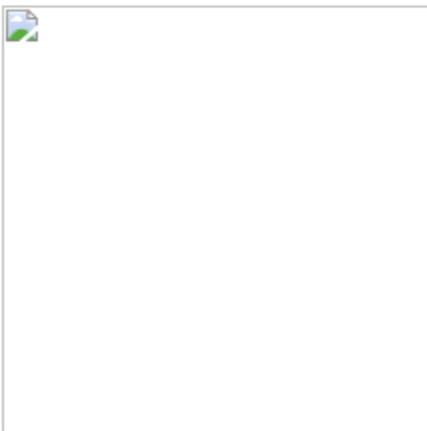

We love the patterns, textures, accents, and accessories that come with the bohemian aesthetic but sometimes that look can really clash with our simple and laid back living inclinations. Luckily, a new trend in design is mixing the two in a chic and exciting way.

Then, streamline the style with glass accents and very soft wood tones, and bring in that desired bohemian feel with small accents like a statement pendant or buddha head in smooth contemporary materials. Perfect for adding character to a clean and relaxed space, California Boho is all about bringing bohemian fun into a simple and sleek home.
