AICE PROJECTS

Dear friend,

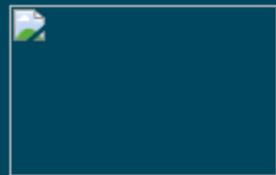

Did you know that more people visit AICE's Jewish Virtual Library than any of the major museums in the world?

In November, we had **more than 985,000 visitors**, an increase of 29% over last year. Overall, from January-November 2014, the number of visitors increased by more than 50% over 2013, reaching **10.1 million!**

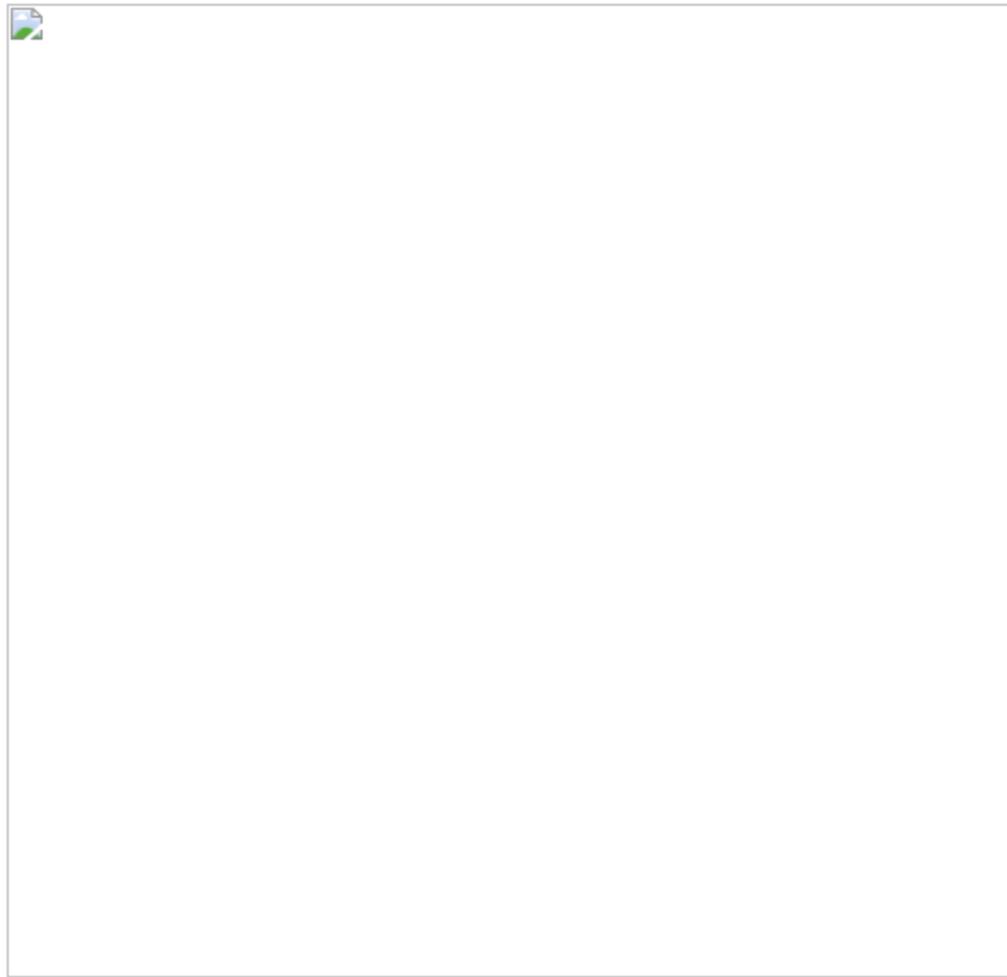

Events in the Middle East change rapidly and AICE keeps on top of them to debunk the myths and bring you the facts -- original documents, quotations from the parties and informed analysis of breaking news.

The past is often prologue for current affairs so we are working constantly to cover the entire history of the Jewish people, from [religious practices](#) to [biographies of Jewish Nobel Prize winners](#) to descriptions of [Jewish communities throughout the world](#) to the [documentary evidence of the Holocaust](#), to the [history, politics, science/technology](#) and [culture of Israel](#) and the [history of U.S.-Israel relations](#)

Help us continue to expand what has become the **"go to" source** for information about any Jewish topic from [Anti-Semitism](#) to [Zionism](#). Make your contribution to the Jewish Virtual Library GoFundMe campaign today and receive a 2014 tax deduction.
