Dear Mr. Epstein:

I would like to introduce Gulfstream G550 S/N 5149 which is available for immediate sale. Please see the enclosed for a few photos and highlights of this exceptional aircraft.

For its vintage, G550 S/N 5149 is one of the few G550s currently available with less than 2000 hours total time. The aircraft is in excellent condition and has been professionally maintained by TAG Aviation since new delivery.

The price expectation was recently reduced, and the owner is looking for offers.

If you are interested in learning more about this excellent opportunity to purchase a low time G550, please contact us or visit our website at www.jeteffect.com. There you will find full specifications and photos of this aircraft along with our other exclusive listings. If you would like to receive our current Gulfstream Market Report, please give us a call at [REDACTED] or send an e-mail to [REDACTED], and we can provide that information to you as well.

Sincerely,

Tyler Webb
Sales Director

Gulfstream G550 • S/N 5149
