Good Afternoon,

Attached some carpet samples for you review

Existing - a selection of colors of existing carpet - a tight firm low pile

Existing Cross Weave - a selection of colors of exiting carpet - a cross weave

Soft Pile - Closer view - softer pile, with more color variations within each color selection

Soft Pile Sel - a selection of colors with a softer pile

Carpet Company will be on site today to measure, approx 3 weeks lead time, 3 days to install

Is there anything that your like from this selection?

Warmest regards

Karen
