

Dear Jeffrey,

"Valérie Lang, child of the century" : a film by Serge Moati

Serge Moati and his team from Image & Compagnie are currently preparing a 45 minutes documentary film on Valérie.

This documentary will pay tribute to this exceptional woman who had lived her life with love for the theater and with an unconditional commitment: an exhilarating life which was filled with cultural and civic battles which began very early and ended too soon. This film will be a mirror of the social movement of the time – the culture between 1970 and 2010.

Love, radicalism, talent and hard work – Valérie played in some of the finest plays of the French theatre with her perfect face, her intense gaze, her extraordinarily captivating voice. This documentary film will bring all her qualities to life. Through the voice of some of her fellow comedians, this film will also feature the beautiful verses written by Valérie which will be published soon.

As a storyteller, Serge Moati will delve through the archives where Valérie plays, lives, narrates, defends – always with enthusiasm – the struggle of a life.

To produce this film, Serge Moati needs to collect a sum of € 100 000.

A non-profit organization has been created to gather the necessary funds to make this film on Valérie.

If you agree to contribute financially for this film, please contact Louis Amsallem, Treasurer of this non-profit organization called "Valérie Lang's Friends" at the following number : (+33) (0)6 07 32 16 17 or at the following email address: lamsallem@yahoo.fr .

A substantial financial contribution will be made by my parents and me for this project.

I thank you all cordially in advance for your support.

With best regards,

Caroline Lang
