FEATURES & BENEFITS

- Designed for durability and ease of use with push to start switch and reinforced control knobs.
- 2 small dryers stacked in the floor space of one.
- Extra large capacity for large loads.
- Largest door opening in industry.
- 3 year warranty on any part on the entire machine.

AVAILABLE CONTROLS

Control	Description
E Mech	The E Mech control's straight-forward design offers customers simple temperature and fabric selections. Cue lights keep them aware of what cycle the dryer is in or if the dryer is in-use.

For the most accurate information, the installation guide should be used for all design and construction purposes. Due to continuous product improvements, design and specifications subject to change without notice. The quality management system of Alliance Laundry Systems' Ripon facility has been registered to ISO#9001:2000.
