I can't thank you enough for getting Bechet into Bard. I couldn't be effusive enough because I was down in the kitchen having dinner with Manzie. I didn't want her to hear. I think it's best that Bechet struggles and doesn't know ahead of time that she got in so that when she gets into Bard she will have sweated it out a bit and will really want to go. Thank you for coming through for us. I can't tell you how much this means to me. Woody said when Bechet sets fire to the school they'll have you to thank.

How is your heart rate doing?
I sat next to Billy Siegel at the dinner tonight...
I don't remember him but he could not stop talking about how wonderful you had been to him....

your clock only adjust 1 hr per day so after 12 days you will be on time, no miracle cure, there are 5 or six internal clocks. normally in sync. crossing so many time zones puts each one out by itself and each clock adjusts at its own rate. there are anti jet lag diets, regimens light tricks. but they all take no more than 20 percent of the problem away. nothing to do.
