I'm working on it, sorry, I have a lot of things to do in these days. The only problem is that, as I told you on our last Skype, I don't have a clear idea about my dream job. I liked your idea regarding healthcare, which I found very interesting, but I would like to discuss it a bit more in deep with you.

Moreover, as I told you, for the next few months I'll be here in Lugano working on my dissertation (that includes also an internship), so there's no real rush to find anything at the moment. If you come to Switzerland in the next days we can arrange a meeting to discuss about it, otherwise I'm planning to come to NY in the next months and we can arrange a meeting then.

Or Skype. I would suggest that dissertations are rarely read , so I would concentrate on real life goals

Yes I will translate it in English and send it to you tomorrow! You're perfectly right but the professor who takes care of my dissertation is really (overly) demanding and he's driving me crazy. For sure life goals are others. Thank you so much, I would really like to join but to be physically present there it's a bit complicated to me, if I can join on Skype it would be perfect!
