not sure what to do. i believe in you , but i have seen no real effort . discipline or action. We agreed you had made some mistakes in the past. and you would need to demonstrate a willingness to get your ass in gear. however to date the effort has not been what i know you are capable of. .

Yes I had 3 consultations the first I traveled up 25km out of Barcelona which was horrible he was very unconvincing for me and even his office was not very reassuring that I would

be happy with results. The 2nd they had once a procedure similar to mine from
A

Girl In Ibiza he sent me pictures because he didn't have it on file the day I went and I didn't like the outcome of the surgery. The 3rd one wanted 100 euros for the consultation and now I just received an email from one agency recommending me to go visit her dr who is also just out of barcelona. I emailed so many doctors and researched a lot on the type of implant etc. I have been 100% committed to keeping fit and getting toned I can officially start my sessions on Monday but the problem is that is 640 euros for the month. Even on the days I didn't have a trial session I do 40-1hour run and home exercises. What set me back this week was that I had to do a shoot for a magazine I did in march for 3 days and because I needed the money I was focused on this for the week. I cannot do much but hope that you can see my heart is dying for this opportunity not just for myself but to be able to show my family that I did something and that they can be proud of who I have become

I never ask anything from

Anyone in this life so I am really intimidated by someone like you and I have a lot of admiration for who you are as a person.. yes I completely understand what you are saying and you are right. I don't have much to say but I apologize for making it seem like I was irresponsible and ungrateful for what is in front of me. The rest is up to you ..I could sit here all day and possibly write a 5000 essay on why you shouldn't turn back on me but in the end I need to understand that each action has a consequence. I hope you're having a good day <ss type="smile">:)</ss>

Never sure w BG. Always feel like each time will be the last. Larry there. Will see larry first week August.

BG didn't say a word about supporting me Concretely he says "I will always support you" but I don't know what that means. He says talk to larry.

They seem happy or at least not angry w my work so far.

Just met a super smart and kind guy and his wife - he runs WREN which is a 5b Kuwaiti fund. He's a computer scientist by background and or originally Moroccan. His wife is also a computer scientist and her father is a Moroccan billionaire. Very very nice. We talked about billg and science and health and they asked how they could help ME. So nice. We discussed endovascular and the trends in health sciences and how computers have changed the game. We discussed nerves and how there may be common roots bioenergetics roots across all degenerative conditions. They had some great ideas and so smart. Anyway - Hakkim and Lamiaa Drissi - super super nice. London based.

i think you should focus on your future. vacations are meant for between work , not instead of. . you have to find work, I am always there but feel strongly about not harming your chances by allowing you too ignore real life.
