I'm finally back online and now it's you're turn to be away! I was able to orchestrate a breakfast this morning with a couple of the people who are key to the secret meeting bullet point. They verified nothing like it had been done, and that it needed to be pulled together. I was actually a bit surprised at just how enthusiastic they were and how minimized the usual politics were. I now think this could be done for almost nothing. Probably travel and hotel. Maybe not even that or only for a few. Don't even need to find a venue, one was offered.

Hello, dear Jeffrey I passed toefl today) actually, it was fine, but a boy was in our place who shouted in the speaking section while I was doing listening, it was awful, therefore I really hope that I have done listening section fine but I am not so worry about it, actually I think the result must be good. But we'll see!) I really happy that now I made the test with a lot of interest and pleasure, and didn't worry about limits of time on the exam, it has become enough time. And actually I would like to say you that today I talked with my professor. And since Monday I need to go for a practice in court for 2 month, it is a new rule of our university, all students must have practice with their personal task in a final year. Actually I had two choice - go to the court and to have every day 5 hours work, or after one month go to the prosecutor's office, but there is a lot of work since 9 till the time when everyone there finish, it is around 21 - 22 hours. But I need my free time for improving my English, therefore I chose the first option. I do hope that you will not angry on me, don't you?!?! Miss you, kisses have a good day!

Hi love, I understand what you mean. I am so ashamed of that I have been so lost and trying to figure out what to do with life. I have strived to do better and I will continue and not give up. I miss you a lot and really would like to see you. I am sad that you think of me as a liar. I know you don't believe me but I haven't been lying since the time about my sister. Because I was ashamed of telling u the truth. But I really learnt my lesson then and haven't been lying. But u are right about that my priorities have been wrong I need to focus more on what is right for me. It has been hard for me figuring out. But with ur support I have made it this far and I don't know how to continue life without your support and love. There are so many things I would do do for you. I really would love to see you soon. Please consider it

Also. I am much more comfortable with doing things with you and a girl rather than finding one. I wanna try with a girl for the first time in my life with you. Was really hard in Milan to find someone decent that we could trust. Or anywhere. Could only think of [REDACTED] in New York the girl u bumped into

not keeping your word does not mean lying . it means telling me 5 times that you want a career , ask me to pay for school because modeling hs no future, then canceling appt after appt because some cheap photographer is willing to do more useless photos

First of all, Thank you for taking your time writing me these messages. I know how busy you are and how hard you work to help and support all of us. You are my favorite person in the whole world. Even though these words are really hard and really hurts I know it is made out of love and that you care. I am glad someone is very tough on me, you are the only one being tough on me actually since parents never really cared. You are like family to me even though you don't feel the same. I am sorry I have taken you for granted. I have been sad and worried because I have felt like you don't wanna see me now for a while. But now I understand it's because I have failed. I have always been a bit lost as a person, I really wanna change that. And without ur guidance till now I don't know where I would have been today. I have followed many of your directions and still grown at least a little even though I know it is hard to see it now since I also failed on so many of them. I am very thankful for you always being there and I really wanna show you now how serious I am and how ready I am to work harder than ever now. I am sorry I have failed at some many points. I really feel like a failure now, more than ever before. You are bringing a lot of things up which was a great reminder. I know you are working with top girls and I am proud of them and I really wanna be like [REDACTED] and [REDACTED] they are wonder super women in my eyes. I wanna get the chance to see you. Please Jeffrey
