immigration is very tough now. . you made some bad choices. they don't go away . . so
has everyone else. I think you should consider a job separate from modeling. . school? .

I still have so much hope.. ? I wanted to study veterinary nursing next year if in the end it failed but is so expensive almost 11000\$ for the year just for the pre university course

I can go back to Australia by beginning of august do what I need to do to make my visa for America I don't think is imposible at all.. I'm trying my best always and I've never had the opportunity to have help from another person so I'm opening up to different posibilites to get to where I want. Impossible is believing it will happen tomorrow but if I set my mind to it I believe in it. Also I am being realistic if I cannot get to where I want within a year.. I will just have to save and get a job to pay for the study I want.

I still have time... I wasted some
Time believing that someone loved me when they didn't. But I still have time. There are people much older then me who are still lost but I know the path I want to take I just need to get there. And I know success doesn't happen over night

I don't believe that hope is a strategy, it is the only thing that people that play the lottery have. , you are smart , you need to figure out next. get your breasts done. start school or a career . the modeling biz is not what it was . no money in it and little future. . sorry

if you want someone to merely tell you what you want to hear, there are many boys that will. I cannot

You are not asking my advice or truly to believe , you are merely asking for money do you can do as you think you should to be successful. It's ok with me but let's not drape the money in you don't believe in me . It is something you can tell people to feel sorry for you - I don't . I believe in your potential. Not your future as a model for 1 year . You have waited too long . The train has left the station. You have a great future as an adult

No i am not asking for any money at all, I am not this kind of girl never have I been. It's fine I will do all on my own and hopefully I will get to where I want. I didn't want to come off like that. I am far from what you just said. Thank you for everything
