No i didn't say the advice was insulting but I wasn't asking you for money ever. Just some Guiding. I was more than appreciative of being able to speak to you and to have another view of what could be great for me. No i like to have a sort of mentor in my life for me I don't lose anything and I see you as someone really down to earth who is on such a high level in this society and is really inspiring for me. I hope you didn't take the wrong way What I said? I would still like to speak to you

I am not shy about money. I had no money , i understand. i sent you money . i told you id pay for your doctor. the statement , you don't believe in me , is only meant for sympathy . own it

it is the statement of people that have yet to show results , but believe that belief is the answer. . Doing - is the answer. . you can do it. It is very late for a modeling career. . I am aware it is disappointing , but as you rightly said actions have consequences. you wasted that part of your life. Having a dream is great. if you have little else. that is not you , you have a great deal.

Yes understood, I will

Just focus my energy on trying to build myself. I didn't work with any girl last night who could help me she only speaks Spanish and could not translate for me so I'll have to try today again also I just recharged my data so by the time I got home I had no way to contact anyone. Soon as the shop opened in the morning I was on my way. I'm Still thinking there has to be another dr we could try I mean he's being super unresponsive with me when I do try to speak to him there has to be another dr we could consider

one of the doctors i spoke to in new york , said he would take out the implant , put in a very small one to see how the skin contracted 5 months. then finish with size. he said that few girls are willing to wear a compression bandage for that long. . I also thing that the doctor in brazil takes aug off for vacation

Done here in London off to Dubai in a few hours till Tuesday next week

Will be speaking w MEERAS team, a few health and tech focused funds and the health ministry

BG request is that he will be visiting in November and wants to explore health, health tech and tech in the region

They may not produce any of those things but they consume them

We did 10mm of the 1.1700 calls (not exactly 1.1700 as we had to do it on FXE) and 5mm of the risk reversal. Euro trading a little higher post Draghi.
