I understand what you are saying but what I don't understand is the part about me being open. If you don't give me the chance to see you how am I gonna show you I am open?. I am very open to things, trying to explain to you but it's hard through just texting. I have send nudes which I enjoyed and thought maybe you happy aswell. I believe that now I need to be there in person to show u don't u agree? I have during these years personally gone from zero open to 100 open with you, which I am really happy about. So thankful. I would like to see you to remind you and show u how open I am now. I think it is very sad to end what we have now and throw it all away when we've gone this far. I am very open and we could have so much fun with the girls. Makes me so sad to think u never wanna see me again. I have failed on many things, like finding a girl. Big fail of mine. I want to make up for it with doing stuff together with one of the other girls and you, is that now what you want aswell? I have never done anything with another girl which is huge thing for me and I want to experience that with you and you only. Just asking to do it with one of the girls that you have or that you picked since I cant find anyone. I would like to come to you to spend time together and show u in real life how hard I can work, cuz I can work really hard.

Also I have an idea about me being on the island with you, New York wherever you are where I can instruct new girls and show them how to do massages, what you like etc. Make them feel comfortable with doing things. There are a lot of things I could do and I think we should at least call each other and focus on those things, what we can do from now on to make things better. There is a lot I could do to show you how hard I can work. Please Jeffrey

Please at least consider it. Begging u. Instead of focusing on the times I failed I believe at this point we should try to be positive and focus on all the great things we could do and also all the amazing times we had together. Besides that I failed on many I also put in effort many times and I am sad it didn't show much and I wish that you knew how I feel about you and how much I personally traveled/grown to be where I am today. Even though it is little and hard for you to see because you are working with and comparing me to great people amazing girls. I wanna be as great as them. I am sorry for all the times I did wrong and made u upset. I tried doing other things in life beside you as school modeling and get things going and become successful in something tried doing ten things at the time. my priorities was wrong. Now I focus on work 100 %z Also all these years I think I was hungover maybe 3-4 times. Which is 3-4 times too much but I hope that you can please

forgive me and think of it from bigger perspective. I wish you could see me now I am in great shape. Alcohol is none of my interest at all. Please

it is not the alcohol. that is your biz, you came to see me the very few times you could squeeze it in , between shoots. school, exercise, etc , and though only total maybe 7 times. 4 or 5 had , some excuse why . you were not all there separate from the 10 times you canceled. we will see, I recognize your growth, but I also recognize that you have ignored advice repeatedly. focused only on you, and though I told you that your actions have consequences decided you would do it your way. . i asked you to take photos of the bikini shoot , you did not. there is always an excuse. playing with other boys and getting an infection , i ignored.

I actually thought that you were fine with seeing me in between classes school and I think I remember us having conversation when you said things like "school first" since it is my education and it was important. I also thought school should be of high priority since it is education. But I actually remember offering skipping classes a few times but then you said no. But this is my fault still and miss communication on my behalf I am sure. And modeling has always been work and what I did as an income so I guess that is why I thought it was important too at times. But I realize now that was wrong. I would skip anything in the world and fly to you if you would let me

I understand. I am extremely sorry for all of those times I made u feel like u were not of high priority. That was never my intention and I am very disappointed at myself for making u feel that way, one of the most important people in my life. I wish I knew already then that you were this unhappy with me. It would have been easier then to correct all the mistakes. Dont take me wrong now, I am the stupid one, you are perfect. I don't mean to come with excuses but, about the infection I just wanna say something. I never ever cared about seeing boys ever. Do You remember even how I used to not even care about sex at all. So It really bothers the hell out of me that I never even saw boys played had fun whatever other girls do and then this one time I get something . I didn't find the time besides school studying and working out was always studying hard focusing on studying and working out. Never partying or boys. And then this one time I did something I get infection. and Of course I told u right away since U encouraged me to do stuff with other boys. Even though it wasn't really of my interest I was thinking I probably should experiment a little bit. Same with drinking. I never do so when I suddenly try it knocks me out. So of course I got the infection because I so rarely even have any action down there. It was like a shock for my vagina. I can promise you this. That is why all of this really sucks for me and breaks my heart because it is not who I am. And I am afraid of writing this and typing it because you will probably take it as it is all excuses. But it is the truth. Girls always go on paid trips do nasty stuff. I don't do anything of that. I just wanna work hard and see you. I really wanna show you that and focus more on you as I realize I have come off as egotistical now and only cared about myself. But that is not who I am. Please let me make it up to you Jeffrey. I care about you for real.

In the end, I am very sorry and I guess nothing of this really matters just only what we can do from now on and the future and how much better I could be as a person, working with you, everything. I am really ashamed from making u disappointed. Trust me. Thank you so much for wishing me good luck about the interview. I really wish to do something with you and a girl and hope you can change ur mind about me. Thanks you so much for taking time answering texts etc. I really miss you and deeply hope you will consider seeing me again and change your mind.
