End of September feels like eternity right now. It is like torture when all of this is in the air and all I want is to make things right again.

I also thought you really enjoyed my massages and that they were good. My bad. I guess you did not dis like them but you just wanted me to make them even better? I kind of thought they were really good actually..again stupid me. But now I have plenty of time to study massages and get better. You deserve nothing but the best always.

I am very sorry about everything, especially the time with my sis that I messed up big time. I have spent hours going back to thinking about that time and what I did wrong what I could have done differently. I have so much regret and mad at myself from being so stupid and blind not to see you were unhappy with me. Sad to realize that you were very unhappy with me already during those times back in school and that I seriously thought u were okay with short meetings etc because that is what was good for your schedule as well I thought. If I knew you wanted me to spend more time at yours I would have stayed longer when I came, always.

Also when stuff got started with Wilhelmina and they wanted me to test shoot I was following their words blindly which I also regret. I remember calling you right after

shooting but then it was too late and it sounded like you were fine with that since I tried seeing you before but you were busy then those days. Really bad timing and I should have skipped shooting then. I regret going to the shooting they sent me. But I did it since it was new agency and work as in potential income for me. That is what modeling has been a way to get some extra money at times.. It should not be my focus and it will never be my focus again, it is not my future I agree. I wanna have a real job/work. Working on getting there starting off with the London interview tomorrow. I am at the airport now. My goal is to have a real job and real income AND also spend more time with you. Nothing makes me more happy than seeing you it is a boost of great amazing energy every time. And I remember you said the same one time. Please try to remember that, I promise we can fix this even sooner if you let me

Yes, they Went through my whole CV and asked what I did in each place, how, why and what I gained from there. Then they told about two vacancies and asked which I like more, that was tricky.
