Cant believe what I am actually reading and that you really want to send me money after all. From the bottom of my heart thank you, a million times over. Thank you Jeffrey. You are the kindest and most giving person I know. I really mean it. I appreciate it more than words can explain. You have always treated me more than well can't even put in words. Please consider seeing me sooner please. I have said it a thousand times and I don't wanna bother you or be too annoying but please try to change your mind. Really wanna start making up for this whole mess.

I never meant to insult you or make you feel like what you told me to do wasn't important. I don't remember ever saying "I don't want to" watch the videos. I remember just being very honest with you saying that I have never watched sex videos before as I never really cared about it just wasn't of my interest or anything I desired to do. I used to not care much about sex stuff and I would describe myself as barely not even sexual when I met you. Had little desire and experience. Some things were still kind of scary to me I know it sounds crazy but that is how it was back then. But that had nothing to do with you as a person or anything. I don't want you to be offended by all of this as that is how I was as a person, we are all different. But I really pushed myself when it comes to these things and I am sorry that I took time with these things and sad that didn't see the steps I was making. I remember very well watching videos. And this year I believe I grew a lot sexually and started to desire more, I think that you noticed that.

About [REDACTED], yes. Very glad I spoke to her. I told her that I am very disappointed at myself for not finding other candidates. I asked her about help and advice on how to approach girls as I found it not so easy (as she told you I said) to ask them about the job without risking making them feel uncomfortable. We spoke two times actually and she was giving me good advice on how to ask and to approach them. I told her I have been worried about if I only give them little info in the beginning the girl might back off later on and might not be interested in sex stuff and then that will probably backfire on me. But she said that is fine. Hard to find open-minded, good looking, sexy, ambitious hard worker all in one. I know that you just don't want any girl. This is just an explanation not an excuse. I have still failed and should have looked more and more and more and even harder. But I think for a moment I thought it was fine I remember you said on FaceTime when I called you about it and you told me something like not to worry about it ? but I misunderstood probably. Sorry for this long message. It is hard to put everything I want to say in one message. Anyways what is most important is that I hope you know deep working somewhere I never meant to insult you you are still the kindest and most successful person I know. Very few people I like as much as you you are like family and I am sorry for making you feel like you were not important. I took you for granted and miss interpreted your words and how you felt about me many times. Very mad at myself for not seeing how you actually felt about me.

Sure, what time is good for you? I'm at crater lake so totally flexible unless I hit a place with no cell while walking.

I can't help that it just hurt my feelings for a sec even though I don't have the right to get hurt even due to my mistakes) that you don't wanna see me in person but my naked body. I care about you and All of this is very stressful to me not knowing if we ever meet but of course I will send it to you. I want to make you happy. Will send you soon.

you are an adult. children need to tell everyone how they feel at each moment adults need to understand . negativity is unacceptable . period . no complaining whining. arguing, it is not the real world. you might have done that with former boyfriends . or male friends. or even your female friends. no real adult will put up with it , unless you want a bus driver life

You are right. I agree with you. No more negativity. I am sorry I never meant to bring in negativity into this into your life. I only want to bring positive vibes. Last thing I want is a bus driver life.
