I feel like there are some really good ideas to change the way we live. I want to think about those and make those happen. They start with a solid base in science. So, that direction is where I'd like to be.

I meet w Paul Allen's CEO Wednesday. Then his science team in 2 weeks. That might be a step in the right direction.

But as you know I'm just hesitant to kick the hornets nest w b. If there were a quiet and non vengeful way to proceed with making his meanness right then I would consider. I guess I could always auction his body fluids on eBay.

The one thing i would like to try to ensure is that Larry doesn't spend all of his time trashing me like he does Boris.

Am open to suggestions and ideas for "next" even if they are conceptual. Am also to open ideas about to have a happy ending or at least a real and fair ending w b.

I would like to ask in a strong way. One where I am in a position of strength and not as victim.

Boris is a true friend to me and always helpful - just like you are and have been. I'm grateful for you both. Meant that Larry trashes Boris. And me. And everyone.

Haven't heard from him since mid October but in years past sometimes he goes a few months without being touch. I've never really asked him for anything so I'm not sure what to expect in terms of response time - but when we last met and larry was there he asked me to put together the Story and plan and price etc and I did. I know he's busy and traveling right now but also coming up on thanksgiving.

If you have advice please let me know. Otherwise I feel like I have been playing by the rules and doing what he asked and also what is agreed w Larry.

what you forget is that in my case the grand jury after a 1 year investigation came back and said soliciting prostitution. a 100 dollar fine. . the sex crimes prosecutor said there are no real victims here. . the press did not like that answer
